

ADMIRAL BRITTAIN TAKES HIS OWN LIFE

Death of Distinguished Naval Officer a Great Shock To His Many Loved Ones Here

(By Associated Press)
Washington, April 23.—Rear Admiral Carlo B. Brittain, chief of staff of Admiral Henry B. Wilson, commander of the Atlantic fleet, shot and killed himself while on duty with the fleet in Cuban waters, yesterday. Admiral Wilson in advising the Navy Department of Admiral Brittain's death, gave no reason for the act. The body will be brought to the United States on the hospital ship, Solace. Brittain's home is at Richmond, Ky.

Richmond and all this community was immeasurably shocked Friday morning by the receipt of a telegram from the Naval Department at Washington, announcing the death of Rear Admiral Carlo Bonaparte Brittain. He was en route from Panama Canal to New York. Mrs. Brittain, who is with her parents Mr. and Mrs. T. E. Baldwin, here, was to have left within a few days to join her husband in New York. She and all the family are prostrated by the news of Admiral Brittain's death. His only son, Baldwin Brittain, who is attached to the Battleship North Dakota, will bring his father's remains to Richmond for interment.

His family and intimate friends here are wholly unable to account for the cause of Admiral Brittain's act, and are awaiting further information. Several friends in town have had letters and post cards from him recently, they say, in which he complained of still suffering from the effects of flu, with which he suffered a short time ago.

Admiral Brittain was one of Kentucky's most distinguished sons in the service, of his country. Although a native of Pineville, where he was born January 16, 1867, he had long made Richmond his home when off active duty, and was held in highest esteem by everyone. His visits here were eagerly looked forward to, and always enjoyed.

His service in the navy covered an eventful period of the nation's history and he played well his part. After attending Cumberland College at Barbourville, he was appointed to Annapolis, in 1884, by the late Congressman John D. White, and graduated with honors in 1888. He loved his profession and was a student of naval affairs. He became an Ensign in 1890; was promoted to a Lieutenant of the junior grade, February 6, 1898; full Lieutenant March 3, 1899; Lieutenant Commander July 1, 1895; Commander September 3, 1909; and a Captain July 1, 1914.

Admiral Brittain's career carried him through various branches of the service, in all of which he acquitted himself with high distinction. He served as Commandant at the Naval Academy for several terms, and in this important work gave the best that was in him. During the times he was at the head of Annapolis, he was always particularly watchful of the boys who were sent there from Kentucky, and many a young officer today owes his splendid grounding in the fundamentals of his profession to the fatherly advice and watch-care that he received while a student during Brittain's superintendency of the institution.

Admiral Brittain served on different ship assignments during his long service. He was on the Newark, Brooklyn and Badger, in the Spanish-American war in 1898; in the Philippines in 1900-3. His work began to attract attention, and he was appointed aide on the staff of the Commander-in-Chief of the North Atlantic fleet, and served as such from 1905 to 1907. He began his service at the Naval Academy in 1907, and was there three years. He was then transferred to the command of the Battleship Massachusetts, and after that to the Wheeling.

After that he became a member of the Board of Inspection and Survey for Ships, and served thereon from 1911 to 1913. From 1913 to 1915 he was assistant to the Bureau of Navigation. December 1, 1915, he was appointed commander of the Battleship Michigan, and served on it during

most of the war. A number of Madison county boys served on this ship during the war under Admiral Brittain's command.

Because of the exceptional ability he displayed during these trying times, he won his Admiral's stripes, and became a fleet commander. He was appointed Rear Admiral and served in that high capacity to the end of the war. He has been in charge of a cruise and maneuvers at the Panama Canal zone, and was returning with his fleet to the United States when the end came.

In addition to the promotions which came as recognition of his splendid service, Admiral Brittain won various honors and decorations during his career. He was awarded the Sampson medal for bravery at the battle of Santiago, Cuba, on the U. S. S. Newark, July 2, 1898, and won the Philippine campaign badge for distinguished service off the islands, and also the West Indian campaign badge. Admiral Brittain was author of the "Elements of Naval Warfare," used extensively at the Academy.

Admiral Brittain was a member of the Christian church. He was prominent in club life, being a member of the Army and Navy Club, of Washington, and the Racquet, of Philadelphia.

In 1897 he married Miss Mary Elizabeth Baldwin, eldest daughter of Mr. and Mrs. Thomas E. Baldwin, of Richmond. To them one son was born, Baldwin Brittain, who has followed his distinguished father's footsteps and is in the navy. He is now an Ensign and the pride of his family. He will accompany the remains home. The married life of Mr. and Mrs. Brittain has been ideal, and both are beloved by all who know them. In addition to his wife and son, Admiral Brittain is survived by three sisters, Mrs. Thomas Jackson Smith, of Richmond, Mrs. Millard F. North, of Hustonville, Lincoln county, and Mrs. John Ward, of Harlan.

In this hour of travail, the hearts of all go out to the entire family, with sincerest sympathy and loving condolences. It is not known as yet just when the remains will arrive here. Announcement of funeral arrangements will be made as soon as this information is received.

PLUMBERS HOME FROM CONVENTION

Ben F. Hunt and James Bender returned Friday morning from Louisville, where they have been in attendance at the annual convention of Kentucky Association of Master Plumbers. Both report that they had a good time as well as an instructive time, attending three banquets and twice that many business meetings. Business pertaining to the plumbers of the state was discussed by a number of leaders in the work of improving conditions in the state. The matter of instructing plumbers in lines of work and getting them upon a solid footing and familiarize with the general situation was one of the important features of the meetings. Interesting reports from various parts of the state were read. It is the intention of the members of the Association to co-operate more closely and affiliate to a further degree with the smaller plumbers of the state with the view of both improving the work and getting better acquainted with business, materials etc.

COLLEGE HILL

Messrs. Calvin and Clinton Griggs of Washington, who were called here by the serious illness of their father, D. C. Griggs, who has been seriously ill, left for their home Tuesday. Mr. Griggs is slowly improving. William Woodward and Jephtha Chenault of Richmond, were here for the fox chase Thursday and Friday. The 18 month old daughter of Mr. and Mrs. Roscoe Combs, of Lock, who died Saturday was buried at College Hill cemetery Sunday afternoon at 3 o'clock. Services were held at the grave by the Mr. George Tribble. The parents have the sympathy of the entire community.

John Hagle, Jr., and two children were visitors here from Thursday until Friday.

The railroad strike has caused Ford to lay off 30,000 workers.

REED REJECTED FOR CHAIRMAN

Missouri State Democrats Decide After All Night Session To Return His Name

(By Associated Press)
Joplin, Mo., April 23.—The Democratic State Convention, after an all night session, early today voted to reject the selection of United States Senator Reed as district delegate to the National Convention, and return his name to the Fifth district caucus which nominated him. The lines were sharply drawn. The anti-Reed faction disapproved of Reed's opposition to the League of Nations movement.

FAVORS LEAGUE WITH RESERVATIONS

Joplin, Mo., April 23.—The Democratic State convention late adopted a majority report of the Resolutions Committee endorsing the League of Nations covenant with reservations which would not destroy the effectiveness of the covenant.

Great disorder preceded adoption of the report the confusion lasting more than an hour.

The convention then passed to the election of eight delegates-at-large, four men and four women, each of whom would one-half of a vote in the national convention.

FASHION SHOW IN BARRISCALE PLAY

A beautiful star in a beautiful setting is Bessie Barriscale in "Beckoning Roads", her latest production for Robertson-Cole. In its lavishness of settings and gorgeous costumes, the popular star's latest vehicle ranks as one of the most beautiful of the year.

The production is a veritable fashion-show that will give the feminine fans a thrill. It is, without doubt, the most elaborately staged and gowned spectacle in which the beautiful Bessie Barriscale has ever appeared. Also Ruth Roland in "The Adventures of Ruth" more thrilling than ever. Coming here Saturday on April 24th.

"The Little Shepherd of Kingdom Come" is Jack Pickford's first Gown picture. It is the story of a poor but ambitious boy, Chad (Jack Pickford), who runs away from his Cumberland home and after a long journey arrives in a valley known as "The Valley of Kingdom Come." In this place the Shepherd boy's future is moulded. He leaves this divinely named place to become the protégé of a wealthy army Major.

Major Buford, discovers that the poor shepherd boy is distantly related to him and becomes very devoted to Chad and makes it possible for him to obtain an education far better than the ambitious Chad ever hoped for.

When Chad leaves the Valley for Lexington, Kentucky, he leaves behind him a devoted admirer, Melissa. She learns that her idol has fallen in love with a girl of social position and wealth; and working on her suspicions she gets information about his parents that gives Chad every right to aspire to the hand of the girl he loves. Melissa returns to the mountains sad at heart but contented that Chad is happy.

The plot of this story by John Fox, Jr., also involves some of the incidents of the civil war and the scenes dealing with this part of the picture are very realistic and of absorbing interest. "The Little Shepherd of Kingdom Come" will be shown at local theatres tonight.

GOV. COX OPENS KENTUCKY CAMPAIGN

Favors League of Nations In Stirring and Forceful Address Delivered At Paducah

Paducah Ky., April 23.—Standing out unreservedly for ratification of the League of Nations and declaring that the Republican leaders have united in a conspiracy to embarrass the President and the Government Gov. James M. Cox, Ohio, spoke here last night on opening day of his Kentucky campaign.

Governor Cox, in his address, drew a line between the Republican chiefs and the ranks and file of the party. He declared he did not hold Republicans responsible for action of their leaders who, he said, for more than a year had convinced to create an internal disturbance and a racial unrest.

He charges that Senator Lodge procured his copy of the treaty from German agents and that the campaign against it under cover began long before President Wilson's return.

Governor Cox struck a sympathetic note when he deplored the tobacco situation. He told of hearing prices bid at the Mayfield chute and regretted that hard-working farmers of this state were so imposed on.

Crumpling of the foreign exchanges and inability of Italy to purchase, he attributed largely to manipulation of Republican leaders.

While they set the stage for a political triumph, they do not care how much tobacco growers of Kentucky or the people at large suffer, he declared.

PRESIDENT MAKES SITUATION CLEAR

Wichita, Kan., April 23.—A letter from President Wilson to J. J. Shouse, elected as delegate-at-large setting forth the League of Nations as a campaign issue, was read to the convention. The President wrote:

"I cannot help thinking that the party is to be congratulated on the fact that it has come to a year of exceptional opportunity and duty. The issue which it is our duty to raise with the voters of the country involves nothing less than the honor of the United States and the redemption of its most solemn obligations; its obligations to its associates in the great war and to mankind to whom it gave the most explicit pledge that it went to war, not merely to win a victory in arms, but also to follow up that victory with the establishment of such a concert of nations as would guarantee the permanence of a peace based on justice."

Col. Sam Amidon, Wichita, was elected national committeeman by acclamation. The delegates at large are: Mrs. Caroline Drennan, Arkansas City; J. J. Shouse, Kinsley; Former Gov. George H. Hodges, Olathe, and Robert W. Blair Topeka.

MR. BOGGS SPEAKS AT EVANSVILLE

Joseph Boggs, Commissioner of Public Roads for the state of Kentucky, in attendance at the Interstate Good Roads Congress at Evansville, Ind., spoke Thursday on "Kentucky's New Highway Law". This feature has been awaited with much anxiety upon the part of a number of Indiana road men as well as from this state who will also hear something about roads from Mr. Boggs. He will outline the work in Kentucky as done in the past and tell what is contemplated for the present and forthcoming year, since there have been plans made for statewide and state control road improvements. The work of Mr. Boggs is being felt throughout the state and his ability and knowledge of road matters is held as most important.

Among those in attendance at the meeting are the following governors who will also take an active part in the discussion of road matters: Gov. J. P. Goodrich of Indiana, Gov. E. P. Morrow of Kentucky; Gov. F. O. Lowden of Illinois; Gov. A. H. Roberts of Tennessee and Gov. C. H. Brough of Arkansas.

Immediate Arrests Unless Strike Ends

(By Associated Press)
Cleveland, O., April 23.—Federal agents today threatened immediate arrest of railroad strike leaders unless they ordered the switchmen to return to work by tomorrow morning. Leaders said they would call a meeting of the strikers this afternoon and repeat what agents said.

Demand Is Refused

New York, April 23.—The railroad managers today flatly refused the direct appeal in the New York district that strikers be restored to duty with full seniority rights, and that the strike be settled in "public interest."

NINE STILL CAPTURED

Nine moonshine stills, with capacities of forty to fifty gallon each, were destroyed on Little Goose Creek, Clay county by Federal prohibition officers. The raiding party, composed of J. M. Kavanaugh, S. G. Cornett, Neal Gilfoyle and C. L. Winfrey, Carlo Smith, Joe Jones and R. H. Bowling, alleged operators, were captured. Bowling and Jones were held under \$500 bond at London, while Smith could not furnish bond.

CHILD WANDERS AWAY FOUND HOURS LATER

The four years old daughter of Mr. and Mrs. Mat Baxter, living on Water street went on a visit about the city Thursday afternoon without the knowledge of her parents and was absent for more than four hours during which there was considerable consternation at her home. She was found by Miss Laura Frazier, a school student in the vicinity of the L. & N. depot and returned to the home of her parents.

1,500,000 SOLDIERS OF FRANCE KILLED

25 per cent of the French army has been killed in battle, another 25 per cent have been seriously wounded. This terrible sacrifice of half its magnificent army has been freely made by heroic France that liberty might live. The world, and especially America, owes France an enormous debt of gratitude, not only for this, but for the discovery by French peasants of a perfect remedy for stomach, liver and intestinal disorders which is reported to have saved many thousands of lives the world over, prevented innumerable surgical operations and alleviated incalculable suffering. Geo. H. Mayr, a leading Chicago Chemist imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded.

AN ENGLISH BOY VISITS RICHMOND

Came All the Way To See Corn Grow—Experience During War and Advice To Boys

"You American boys have peace, parents and home; don't quit any of them until you have to."—Advice of a fifteen-year-old English boy from England to the boys of America.

Eddie Clock, fifteen years of age, who was born and raised in London, England, read in a Kentucky paper thrown away by an American soldier, about two years ago about the wonderful corn grown here, and he declared then and there to come to America, after the war, and see for himself. He arrived recently at Gulfport, Miss., and arrived Thursday night in Richmond. His youthful appearance and absence of companions caused Chief of Police Devore to investigate.

The lad, who was unusually intelligent for one of his age, entertained most interestingly in giving his experiences since the beginning of the war. He stated that his brothers, father and most of his relatives had "gone" with the war, and that after he got through with his war work, which was in an ammunition factory, he decided to come to America. He slipped on a tramp steamer and decided to leave the vessel when a port in the West Indies was reached, but decided that he had better come on and see the corn grow in Kentucky.

He said that he made his way here without the least difficulty, but was disappointed upon not seeing the corn. The lad thought that cars of corn grew out of the ground and did not realize that there was a planting to contend with before hand. He said that "it must be great." He told of his schooling, and that "everyone went to war," or helped some way and that after the turmoil many of them were unable to find a living relative. He spoke highly of the "Yanks," stating that they were all good to him, and "great fighters." He is also interested in the production of oil, something else he never saw, and refused an invitation to stay all night here, remarking that he would get back to Richmond some time "where so many good people lived."

Young Clock, now an orphan, is one of the thousands of children born in Europe, who has been turned out by the restless hand of war and who have to shift for themselves. He decided to come to America, and said that he was going to make Kentucky his future home. When asked whether he had ever been in a reform school, that institution had to be explained to him. He said that he was started to school at four, and remained there until he was fourteen years of age. He spoke of the beauty of the hills and fields of Kentucky, and the "big roads," open to all.

Young Clock, who is rapidly developing into a globe trotter, said that he did not like the sea, and that he would "settle" in Kentucky and that he wanted to see so much, however, before going to work. When asked if he could work, he replied: "Hi should say Hi can work. Hat anything and hat any time." The war brought us all up to it. The lad had money and said that he had good recommendations from the captain of the steamer upon which he worked his way to America and above all, he was going to be an American like the Yankee fighting boys, just as soon as he had "enough experience to become a good citizen of the United States." But here is the excellent logical view of the boy to American boys: "You have peace, home and parents; don't quit any of them 'till you have to."

RURAL CARRIER SERVICE IS GOOD

Mailmen Reports Are Good In Madison County Despite Condition Of Public Roads

There will be considerable work on the public highways of Madison county during the coming summer, and the most appreciative residents are the rural mail carrier, who can repeat some "harrowing" experiences in delivering mail as a result of the recent heavy rains. In some localities, the carriers report that the roads were almost impassable, owing to mudslides in the hilly districts, and that it was with difficulty that they managed to get their numerous stopping places.

Farmers are co-operating with them they assert, to a great degree, in placing their mail boxes in more accessible places, a feature of the work being rendered much less dangerous and admitting of the carrier making better time on their trips. The reports of the carriers indicate that despite the condition of various roads, owing to the heavy rains, the service is second to none. Reports from several other parts of the state are to the effect that the carriers have been unable to make the regular trips, owing to the condition of the roads. There have been but few reports of this character reaching postmaster Stockton.

Stamina—

Put Gillette Non-Skid Tires over the most treacherous roads, slippery inclines, curves that spell danger in capital letters; keep them everlastingly pounding away through severest punishment—they'll keep alive, resilient, in full possession of their wonderful mileage power and absolute grip of safety.

The curved formation of the Gillette tread sinks deep into the road. It gives a non-slipping purchase on smoothest surfaces. It takes bull-dog hold wherever it sets its teeth.

The exclusive Gillette Chilled Rubber Process charges raw rubber of absolute purity with endurance strength which gives greatest known mileage, endows Gillettes with resiliency of utmost riding smoothness, reduces sand blisters. It eliminates tread separation. It gives you the safest, longest wearing, most economical non-skid tire that ever hugged a road.

The second year sale of Gillettes was greater than the second year sale of any other brand of tires ever produced.

Put one Gillette or a full set on your machine now. Write our general sales office if there is no Gillette dealer in your neighborhood.

believe in selling their merchandise for cash.

We know by our own experience as well as that of others that this is a fundamental factor in reducing the price to the consumer.

Since the consumer pays the bill no matter how you fix it; then we say let's make the bill as small as possible.

We know that this method does not suit everybody and some will register a complaint and kick but friends, it will serve best for the most therefore we will stick to it.

Not always as we may feel but as it is and ought to be == This we know to be right and our hat is in the ring.

CAN NOW EAT THREE SQUARE MEALS A DAY

Well Known Business Man Says He Has Gained Sixteen Pounds On Four Bottles Of Tanlac And Feels Many Years Younger.

"I am now able to eat three square meals a day for the first time in two years," was the emphatic statement made recently by Joseph A. York, well-known business man and highly respected citizen of Portland, Me.

"I am now sixty-nine years of age, and in all my life I have never run across a medicine that I consider in a class with Tanlac. I have just finished my fourth bottle and this medicine has benefited me even beyond my greatest hopes. Besides gaining sixteen pounds in weight, I have been built up and strengthened until I feel all of twenty years younger.

"For the past two years I have been in a miserably run-down condition, and was compelled a short time ago to give up all idea of business as I was too weak to look after anything. I was nervous, worn-out, had no appetite, and suffered most all the time with indigestion. Some days I would eat scarcely anything; in fact I was afraid to eat because I knew I would suffer afterward. Sometimes I had such severe cramping pains after eating that I would almost die. My nerves were all unstrung and the least thing would worry me and I never could get a good night's sound sleep. In fact I just lost interest in everything and was greatly discouraged over my condition.

"The ordinary treatment failed to do me any good, and as I

had read so many statements from people I know here in Portland who had been benefited by Tanlac, I decided to give it a trial. And now I know for myself what it will do, for I have simply taken a new lease on life. I am now able to look after my work as usual, and never feel better in my life. I am able to eat three hearty meals a day and everything agrees with me perfectly. I eat anything I want and never feel a touch of indigestion. I never thought there was a medicine that could do me so much good, and I am only too glad to have the facts about my case given to the public.

Tanlac is sold in Richmond by Stockton & Son.

The Interior Journal says that the prospects for better roads has gone glimmering, and as sure as gun's iron we will see farming lands and town property depreciate in value. People in this day and time are too progressive to buy where they can not have the advantage of roads and pipes that can be used, and the fellow who wants a farm or a town home will likely pay little attention to Lincoln county, whose thoroughfares get more and more impassible as time goes on.

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

How About Your Catarrh?
Do You Want Real Relief?
Then Throw Away Your Sprays and Other Makeshift Treatment.

Why? Simply because you have overlooked the cause of catarrh, and all of your treatment has been misdirected. Remove the cause of the clogged-up accumulations that choke up your air passages, and they will naturally disappear for good. But no matter how many local applications you use to temporarily clear them away, they will promptly re-appear until their cause is removed.

INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects. "Calotabs"—the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraphy, horseless carriages, colorless iodine, tasteless quinine—now comes nauseless calomel. The new improvement called "Calotabs" is now on sale at drugstores. For biliousness, constipation and indigestion the new calomel tablet is a perfectly perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price of the medicine if not "perfectly delighted" with Calotabs. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. But what you please—no danger—no harm to your business.

Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty cents.—(N.Y.)

JUDGE SESSIONS TELLS WHAT'S WHAT

(By Associated Press).

Marquette, Mich., April 23.—According to a statement by Federal Judge Clarence W. Sessions, any search and seizure by Federal or prohibition agents that amounts to trespassing, is illegal. The statement was made during the trial of two brothers named Souhcei arrested some time ago in the Iron River district, charged with being members of the "rebellious whiskey band."

"A revenue agent could never invade my home nor my premises without a search warrant," the Judge asserted. "un-

less I gave my consent."

NO CHANCE TO COMPLAIN NOW, SHE DECLARES

Miss Vetter Has Gained 25 Pounds In Weight And Feels Fine All The Time—Highly Lauds Trutona

Louisville, Ky., April 22.—"I weighed 140 pounds when I began taking Trutona but I tipped the scales at 165 pounds after I had finished the treatment and I feel so good all the time now that I don't even have a chance to complain," Miss Ruby Vetter, a well-known employee of Herman Straus & Sons Co., who lives at 1041 South Seventh Street, Louisville, said recently.

"I used to be a telephone operator, but I had to give up the position on account of my nerves," she continued. "I had the 'flu' last spring and it left my system in bad shape. My stomach was so weak I couldn't stand even the lightest of food. I left billions all the time as I was subject to frequent smothering spells."

"Trutona had done my mother so much good that I decided to try it myself. The benefits I gained are really better than I even expected. When I finished my third bottle of Trutona, I felt strong as I ever did. And I'm still feeling that way. My nerves are strong and steady now and I'm eating heartier than ever. I'm working at the department store every day, too, and I feel so good all the time that I don't have a chance to complain."

Can any one doubt the sincerity of this remarkable statement by Miss Vetter? It is further proof, to be added to the ever increasing volume of testimony accumulating in favor of Trutona. As a system purifier and body invigorant for use after attack of influenza, pneumonia and the like, Trutona has proven to be peerless.

Trutona is sold in Richmond at the Richmond Drug Co.

Something More Than Profits

Most men are in business for the purpose of making money; you understand that; the profits are the objective.

All right. The next question is—How can we make our business pay the best profits? And in the answer to that question lies the big difference between businesses.

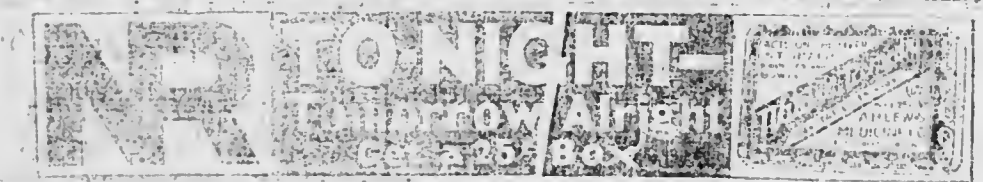

We figure that a small margin on a large volume of sales is more profitable than a large profit on each sale. We figure that if we serve our community by having the right goods; and selling them at a fair price; and giving each purchaser our assurance that he shall have satisfaction or money back, our profits take care of themselves.

Service is more than profits; it's really the source of profit

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

Little Housekeeper Says:
Her Columbia Grafonola, bought from W. F. Higgins eight years ago has been a great source of pleasure and no repairs have been needed.

The Heaviest Expense of Wash-day --what is it?

Today the housewife knows that the actual cost of washing in the home—the expenditure for fuel, soaps, starch, perhaps for a laundry—this is the smallest item.

She is beginning to realize that she herself pays—and dearly. The frantic rush of washday—the all-too-real burden of washing, rinsing and wringing—the fatiguing hours spent over the ironing board—all exact a price which the modern woman knows she cannot, in justice to herself and her family, afford to pay. The real drain is not upon her purse, but upon her person.

Our modern Family Laundry Service means true washday economy for you. Your family washing is cleansed to meet the stand-

ards of the most particular. All your pieces are beautifully ironed.

It would be the poorest sort of economy to age and worry yourself to the point of illness, when right at hand—as near to you as your telephone—is this service of ours that is so specially fitted to take over your domestic problems. We do all the heavy washing, and all of the ironing, returning it to you clean and sweet.

Telephone today, and find freedom from strain and expense of home washday. Our small price is only 15 cents a pound. We also do semi-finished work for the small price of 10 cents per pound.
